

PROJECT PARKING PLAN WORKSHEET

The objective of a Project Parking Plan is to establish the parking impact during and after a construction Project. This Plan is to be done during the design process to provide direction in the contract documents that will inform the bidding and successful contractor what :he project during construction. This plan is to be developed jointly by the Design Team,

Project Manager, Project Planner, and Commuter Services. Once prepared, the Project Manager should submit it to Commuter Services for review and approval before including it in contract documents.

General Contractor - Reference this form to request permits electronically via our website @ commuterservices.utah.edu
